

C-BOND SYSTEMS, LLC (“C-BOND”) **C-BOND II SYSTEM LIMITED LIFETIME WARRANTY FOR RESIDENTIAL PROPERTIES**

WHAT IS WARRANTED AND FOR HOW LONG?

When registered as required below and installed on approved glass surface in accordance with C-Bond’s Instructions for Application of C-Bond System, the C-Bond System, consisting of C-Bond Solution and a window film sold by C-Bond, is warranted to the Original End-user Customer for as long as the owner lives in the house to be free from visible peeling, cracking, de-metalizing, crazing, bubbling and delaminating under normal use for life from the date of original installation. C-Bond also warrants against glass failure due to thermal shock fracture or seal failure, under normal use for 5 years from the date of original installation for thermal shock, and for 36 months from the date of original installation for seal failure, in each case only if the fracture or failure is caused by the C-Bond System.

The original End-user Customer means the owner of the property where the C-Bond Solution is installed on the date on which installation is completed. This Limited Warranty may not be assigned or transferred.

Liability under this Limited Warranty is limited to C-Bond’s furnishing replacement C-Bond Solution, film, and removal and reapplication labor for the replacement product, free of charge. In addition, in case of covered thermal shock fracture or seal failure caused by the C-Bond System, C-Bond will reimburse the Original End-user Customer for a replacement window and removal and installation labor, up to a maximum of \$500.00 per window. If C-Bond furnishes a replacement C-Bond System under this Limited Warranty, and if the replacement is properly installed in accordance with C-Bond’s recommendations, the warranty coverage will extend to the replacement System.
